If the time has come for your little one to sleep in a 'big bed' then the Bed Bumper is an innovative new bed guard with none of the fiddly assembly or special sheets that other bed guards require. It is a firm foam wedge that sits directly onto the mattress ensuring a smooth transition without any crashes in the night. It is simple to fit, totally reliable and 100% safe and your child will feel like a big boy or girl (after all cot sides are just for babies!) but safe and snug all night long.

The Bed Bumper is available in 50cm, 100cm and 150cm sizes and cost from just £5.99. www.bed-guards.co.uk

Work-life balance without the 9 to 5 grind

With childcare costs escalating and a recent survey suggesting the average UK family manages to spend just 49 minutes quality time together a day, it is little wonder that women are looking for creative and flexible ways to earn a living.

Natalie Heeley is one such Mum who successfully managed to set up her own business as an independent distributor for Forever around her young family. She believes it is all down to clever time management – as well as a willingness to work hard.

As an enthusiastic entrepreneur she says: "Every Mum (or Dad) needs to be able to halve their working hours without reducing their pay and it is possible. With a business like mine you can get the work life balance right and make sure your family are your priority."

I started off with Forever hoping to earn just a little extra for our family but now 5 years later having worked my business around the children I have an income I never dreamed possible and an amazing flexible lifestyle – my next goal is to live mortgage free."

If you are thinking of changing your lifestyle or would like to work flexibly around your family, Natalie is looking to expand her team in Hereford and Worcester, and is happy for people to contact her for a chat.

Call her on 01905 820411 or email natalie@foreverlucrative.co.uk. It could be the catalyst to a whole new chapter in your life.
